MUST FIND NEW PATH TO PEACE—HARDING

Time Has Come to Recognize Failure of Wilson's League Attempt, Republican Nominee Asserts

IS NOTIFIED OF HIS NOMINATION

Senator Outlines Stand For Government By Party Rather Than By Individuals; Increased Production Only Solution For H. C. L.

Marion, Ohio, July 22.—Peace by a resolution of congress, and after that an effort to form an association of nations that would not impair American sovereignty, were promised today by Warren G. Harding in his speech accepting the Republican nomination for the Presidency. He declared the time had come to recognize "the failure attending assumption, obstinacy, impracticability and delay" in President Wilson's attempt to form a league of nations, and that a new pathway be found to peace and world concert.

Government by Party.

In receiving formally his party's mandate, the nominee also outlined a stand for government by party rather than by individuals, declared railway employes might well be accorded a status of public servants, endorsed cooperative marketing for farmers, and pronounced increased production the key to lower living costs.

The address, constituting the candidate's personal platform in the campaign, was delivered here at the climax of a day of celebration which brought to Marion a notable company of party chiefs and a crowd of many thousands. Their plaudits and serenading kept the nominee the center of a seven hours' reception as delegations from many states paraded past the Harding residence in a clamoring cavalcade.

The first delegations brought the Senator to his front doorstep at dawn, and after that there was scarcely a let-up until he left for the notification ceremonies on the outskirts of the city at 2 o'clock. Old friends from nearby counties mixed with representatives of powerful clubs of distant cities in the procession, gay with decorations and blatant with noise.

At the Chautauqua pavilion where the notification took place, seats had been provided for 4,000, and many times that number surged about the park and surrounding fields unable to get within earshot of the speaker. The pronouncements of the candidate were received with a tumult of applause, and he was cheered back to his home through crowded streets, a tired but smiling man.

Will H. Hays, the national chairman, presided at the ceremonies, and Senator Lodge of Massachusetts, who was chairman of the Chicago convention, formally notified the candidate of his nomination in a speech rapping President Wilson's League of Nations and praising the part Senator Harding had taken in preventing its unreserved acceptance.

Speaks In Forceful Manner.

Speaking slowly and with a characteristic gravity, the nominee delivered his declaration of policy in a clear, full voice that penetrated far into the crowded outskirts of the pavilion. The points he wished to drive home with force he emphasized by aggressive gestures, and several times he got the crowd on its feet cheering as he hammered with clinched fists to land his blows where they would tell.

His thrusts at the league of nations were answered by repeated thunderclaps of cheering, but the passage the crowd seemed to like best came almost at the end of the hour and a half of speaking when he voiced his humility in the presence of the republic of the world and then, squaring his broad shoulders, declared that his confidence in the support of his fellow citizens made him "wholly unafraid."

In his discussion of the league, he made no direct reference to the rejection of the peace treaty and did not take up in detail the league covenant. Contenting himself with the declaration that the league as conceived by the President was unthinkable, he passed on to state his own views of what should be done.

Promises Effective Peace.

"In the call of the conscience of America is peace," he said, "peace that closes the gaping wounds of world war and silences the impassioned voices of international envy and distrust. Heeding as I do this call and knowing as I do the disposition of congress, I promise you formal and effective peace so quickly as a Republican congress can pass it. * * * * * * Disposed as we are, the way is simple. Let the failure attending assumption, obstinacy, impracticability and delay be recognized and let us find the big, practical, unselfish way to do our part. * * * With a senate advising, as the constitution contemplates, I would approach the nations of Europe and of the earth, proposing that understanding which makes us a willing participant in the consecration of nations to a new relationship, to commit the moral forces of the world, America included, to peace and international justice, still leaving America free, independent and self-reliant, but offering friendship to all the world."

Little Attention to Prohibition.

Prohibition he gave only a passing notice, saying that despite divided opinion regarding the eighteenth amendment and the statutes enacted to make it operative, there must be no evasion in their enforcement. He declared it his "sincere desire" that ratification of the suffrage amendment be completed to permit women to vote this fall in every state.

Reviewing and commending briefly many other planks of the party platform, the candidate declared for collective bargaining for farmers, repression of the disloyal, "generous federal co-operation" in rehabilitating the railroads, intelligent deflation of the currency, enlargement of government aid in reclamation, a genuine expression of gratitude to veterans of the World war and maintenance of an ample navy and "a small army, but the best in the world."

In his promise of "a party government," Senator Harding reiterated his belief that the vice president should have a part in the chief executive's official family and declared there also should be "a cordial understanding and co-ordinated activities" between the executive and congress.

At the conclusion of his speech, the Senator returned to his home, but several of the visiting delegations, not content with their first reception, called again to say goodby. With Mrs. Harding, who had been by the side of the nominee most of the morning, he again shook hands with the callers. It was his first big day of hand-shaking since his nomination, and he was tired out by the time it was over.

Summary of the Speech.

Following is a summary of Senator Harding's speech:

Chairman Lodge, members of Notification Committee, ladies and gentlemen: The message which you have formally conveyed brings to me a realization of responsibility which is not underestimated. It is a supreme task to interpret the covenant of a great political party, the activities of which are so woven into the history of this republic, and a very sacred and solemn undertaking to utter the faith and aspirations of the many millions who adhere to that party. The party platform has charted the way, yet, somehow, we have come to expect that interpretation which voices the faith of nominees who must assume specific tasks.

Let me be understood clearly from the very beginning. I believe in party sponsorship in government. I believe in party government as distinguished from personal government, individual, dictatorial, autocratic or what not.

No man is big enough to run this great republic. There never has been one. Such domination was never intended. Tranquility, stability, dependability—all are assured in party sponsorship, and we mean to renew the assurances which were rended in the cataclysmal war.

Our first committal is the restoration of representative popular government, under the constitution, through the agency of the Republican party. Our vision includes more than a chief executive, we believe in a cabinet of highest capacity, equal to the responsibilities which our system contemplates, in whose councils the vice president, second official of the republic, shall be asked to participate. The same vision includes a cordial understanding and co-ordinated activities with a house of Congress, fresh from the people, voicing the convictions which members bring from direct contact with the electorate, and cordial co-operation along with the restored functions of the senate, fit to be the greatest deliberative body of the world.

International Relationship.

It is not difficult, Chairman Lodge to make ourselves clear on the question of international relationship. We Republicans of the senate, conscious of our solemn oaths and mindful of our constitutional obligations, when we saw the structure of a world super-government taking visionary form, joined in a becoming warning of our devotion to this republic. If the torch of constitutionalism had not been dimmed, the delayed peace of the world and the tragedy of disappointment and Europe's misunderstanding of America easily might have been avoided. The Republicans of the senate halted the barter of independent American eminence and influence, which it was proposed to exchange for an obscure and unequal place in the merged government of the world. Our party means to hold the heritage of American nationality unimpaired and unsurrendered.

The world will not misconstrue. We do not mean to hold aloof. We do not mean to shun a single responsibility of this republic to world civilization. There is no hate in the American heart. We have no envy, no suspicion, no aversion for any people in the world. We hold to our rights, and mean to defend, aye, we mean to sustain the rights of this nation and our citizens alike, everywhere under the shining sun. Yet there is the concord of amity and sympathy and fraternity in every resolution. There is a genuine aspiration in every American breast for a tranquil friendship with all the world.

One may readily sense the conscience of our America. I am sure I understand the purpose of the dominant group of the senate. We were not seeking to defeat a world aspiration, we were resolved to safeguard America. We were resolved then, even as we are today, and will be tomorrow, to preserve this free and independent republic.

In the call of the conscience of America is peace, peace that closes the gaping wound of world war, and silences the impassioned voices of international envy and distrust. Heeding this call and knowing as I do the disposition of the Congress, I promise you formal and effective peace so quickly as a Republican Congress can pass its declaration for a Republican executive to sign.

It is better to be the free and disinterested agent of international justice and advancing civilization, with the covenant of conscience, than be shackled by a written compact which surrenders our freedom of action and gives to a military alliance the right to proclaim America's duty to the world. No surrender of rights to a world council or its military alliance, no assumed mandatary however appealing, ever shall summon the sons of this republic to war. Their supreme sacrifice shall only be asked for America and its call of honor. There is a sanctity in that right we will not delegate.

Leaving America Independent.

Disposed as we are, the way is very simple. Let the failure attending assumption, obstinacy, impracticability and delay be recognized, and let us find the big, practical, unselfish way to do our part, neither covetous because of ambition nor hesitant through fear, but ready to serve ourselves, humanity and God. With a senate advising as the constitution contemplates, I would hopefully approach the nations of Europe and of the earth, proposing that understanding which makes us a willing participant in the consecration of nations to a new relationship, to commit the moral forces of the world, America included, to peace and international justice, still leaving America free, independent and self-reliant, but offering friendship to all the world.

It is folly to close our eyes to outstanding facts. Humanity is restive, much of the world is in revolution, the agents of discord and destruction have wrought their tragedy in pathetic Russia, have lighted their torches among other peoples, and hope to see America as a part of the great Red conflagration. Ours is the temple of liberty under the law, and it is ours to call the Sons of Opportunity to its de-

ANOTHER GREAT EUROPEAN WAR NOW FORESEEN

Allies Rush to Aid of Poland in Resisting Bolshevist Army

U. S. ATTITUDE IN DOUBT

But Wilson, Who Has Special War Powers, Is Not Expected to Involve America

Washington, July 22.—Without official information regarding the decision of the Allied powers to furnish military aid to Poland in her struggle with the Bolshevists, government officials refrained today from formal expression of opinion, but unofficially professed to see in the new situation most of the elements of a European war on a broad scale.

Army officers and officials of the state department generally were frankly pessimistic as to the ability of France and Great Britain to place armies in Poland in time to check the Russian advance before Warsaw falls, and many of them were sceptical of the power of either France or Great Britain to drive their war-weary population into the struggle without a serious unbalancing of domestic affairs.

Doubt Wilson Will Act Alone.

Although technically the President is endowed with the especially-conferred war powers, there was no disposition in official circles to assume that he would involve the United States in a war between the Bolshevists and the Allies unless action might be justified by some overt act against the army of occupation on the Rhine. Reports to the state department indicated increasing tenseness between the conservative and pro-radical groups in Germany and it was generally believed that unless the radical element gained the ascendency, the chances of the United States becoming involved in the new situation were slight, although a suggestion of American co-operation from France and Great Britain was regarded as probable.

For the present, it was indicated at the state department the part of the United States would be that of an interested observer. Steps already have been taken to remove from the war area such Americans as may wish to leave.

Polish Officials Elated.

Polish representatives who conferred with officials of the state department were elated by the news that Great Britian and France had promised support. They expressed the opinion that the mere announcement would go far towards strengthening the morale of their government and army and that it might be possible with sufficient ammunition, artillery and other supplies, to hold the Russians in check. Their optimism, however, was not shared by some of the experts who have been watching the operations of the two forces, but it was admitted hope of an adjustment yet remained in the suggestion of an armistice made to Poland by British officials.

Allies Prepare to Help.

Paris, July 22. — The Allies have decided to take measures preparatory to giving military aid to Poland, if that should prove necessary, it was learned here today.

A French mission, headed by Jules J. Jusserand, French ambassador to the United States, who is home on leave, with General Weygand, right hand man of Marshal Foch, and M. Gignon, a close collaborator with Premier Millerand, will leave tonight for Warsaw to arrange for prompt succor to the Poles.

On the same train and with the same object there will be a British mission headed by Lord Abernon, British ambassador to Berlin; General Radcliffe and Sir Maurice Hankey.

These missions, it is learned, leave with full authority to say to the Poles that whatever aid is needed, whether military or financial or in the nature of supplies, will be forthcoming if the Bolshevists persist in a design to march into distinctly Polish territory.

It is stated unofficially, but on high authority, that this means help for Poland in the form of troops, if they are required.

Already a large number of Allied officers and subalterns are with the Polish army, which, it is declared, will be increased according to circumstances with as many divisions of infantry, tank detachments, air forces and artillery as may be transported in due time.

Polish Capital Menaced.

Warsaw, July 22. — The menace to the Polish capital is becoming serious through the defeat of the left wing of the Polish army. Since the attacks of the Bolsheviki against Vilna on July 14, the Polish left or northern wing has been compelled to hasten its retreat and the Bolsheviki have been following it with a daily advance averaging 15 miles. In three weeks the Poles have retired from the Beresina river to the Niemen, a distance of more than 180 miles, and the distance between the Niemen and the Vistula, which flows through Warsaw, is less than that, being about 150 miles.

The Polish communication issued today announces that the Bolsheviki have captured the town of Grodno, which the Poles defended with all their strength.

In the south, the detachment of Red infantry which crossed the East Galician frontier was pushed back across the Zbrucz river, after an all-day fight.

Preceding the loss of Grodno, the Poles forced the enemy from the fort north of Grodno, but the Reds, counter-attacking with reinforcements, compelled the Poles to withdraw to the south.

DIES FOR KILLING POLICEMAN.

Ossining, July 22.—James Byrd was electrocuted in Sing Sing prison tonight for the murder of Patrolman Lawrence of Kingston, N. Y.

The condemned man walked calmly to the chair and took his seat without a word. He was accompanied by the Rev. A. N. Petersen, Protestant Episcopal chaplain of the prison. Byrd was 23 years old.

Army Planes on Way to Alaska Reach St. Paul

St. Paul, Minn., July 22.—After a flight of slightly more than an hour, the four army planes on their way to Nome, Alaska, arrived here shortly after 7:30 o'clock from Winona, Minn. The trip was uneventful.

Winona, Minn., July 22. — The four army airplanes enroute from Mineola, Long Island, to Nome, Alaska, departed at 6:30 o'clock tonight for St. Paul, a distance of about 800 miles. They arrived in Winona this afternoon from Grand Rapids, Mich.

OHIO GETS ITS THIRD CANDIDATE FOR PRESIDENT

Prohibition Convention Nominates Watkins on Second Ballot

W. J. BRYAN REFUSES

Choice of Ohio Professor Comes After Commoner's Telegram Is Read to Delegates

Lincoln, Neb., July 22. — Ohio got its third presidential candidate for the 1920 campaign tonight when the Prohibition National convention nominated Aaron S. Watkins of Germantown, Ohio, after learning from William J. Bryan that he would not accept the nomination voted him yesterday.

Mr Watkins won on the second ballot after he and R. H. Patton had each received 85 votes on the first. The vote was: Watkins, 108; Patton, 74; D. A. Pooling, 24; C. A. Randall, 2.

It took 105 votes to nominate.

Mr. Watkins is a professor of literature in a Germantown military academy. He was a professor in Ada college, Ohio, for several years and was vice presidential candidate on the Prohibition ticket in 1908 and 1912.

He was born on a farm near Rushsylvania, Ohio, and is 53 years old. He preached 17 years in the Methodist church before starting teaching and was nominated for governor of Ohio on the Prohibition ticket in 1905 and 1908.

Bryan Telegram Received.

The text of Mr. Bryan's telegram was delivered to the Prohibition National convention at 8:35 o'clock. It was received in silence.

Mr. Bryan's decision did not change the determination of the convention to name a candidate, and after three hours of speeches the balloting started. There was no nomination on the first ballot. The results: Aaron S. Watkins, Germantown, Ohio, 85; R. P. Patton, Springfield, Ill., 85; Dan A. Pooling of New York, 28; and C. A. Randall, California, 9.

Bryan Reiterates Refusal.

Bozeman, Mont., July 22. — William Jennings Bryan tonight reiterated his refusal to accept the Prohibition party's nomination. The first intimation of his nomination for the presidency by the Prohibition convention at Lincoln, Neb., was received by him at 1 o'clock this afternoon at Madison lake, upon his return from a forenoon of fishing, when he read an Associated Press dispatch giving the text of the telegram sent to him by the convention at Lincoln. He was 40 miles from any telegraph office at the time, but as soon as he reached Norris, Mont., he telegraphed a reply declining the nomination.

Anti-Saloon League Won't Endorse.

Washington, July 22. — The Anti-Saloon League of America will not endorse any presidential candidate for election this year, but has ordered a compilation of facts as to the prohibition record and present attitude of "each candidate" and will make this public.

This announcement was made by the executive committee of the organization tonight after an all-day session in which superintendents of many of its state branches participated.

A special committee headed by Dr. P. A. Baker, general superintendent of the league, was authorized by resolution "carefully and impartially to obtain the official records, public utterances, and present attitude of each candidate for the information of the constituency of the league." Dr. Baker, when asked whether the league expected to question directly Senator Harding, the Republican presidential nominee, or Governor Cox, the Democratic candidate, replied that was a question for the committee to consider.

The executive committee announced that the league, however, would take a direct and certain part in the election of members of congress. It was added that "this policy will be necessary as long as advocates of the liquor traffic continue their attempts to nullify the eighteenth amendment."

WIRELESS TELEPHONE MARVEL.

St. Johns, N. F., July 22. — Experts from the Marconi Wireless company, who are here conducting experiments in long distance wireless telephonic communication, announced today that yesterday they heard messages from Chelmsford station near London, more than 2,000 miles distant. They said that they recognized the voice of Captain Round, the expert in charge, and identified several words, but failed to pick up any connected sentence.

R. R. PASSENGER FARES WOULD BE RAISED 20%

Railways of Country Propose to Government Freight Rates Also Be Increased 9.13%, in Addition to 27.6% Previously Requested

COMMISSION TAKES NO ACTION

Ronds Desire to Boost Rates of All Classes of Service to Provide For $600,000,000 Wages Just Granted Employes

WAGE DECISION IS ACCEPTED

Chicago, July 22.—Acceptance under protest of the United States railway labor board's wage decision was decided upon at an executive conference here tonight by all of the 16 recognized railroad unions, except one, it was announced following the meeting by Timothy Shea, of the Brotherhood of Locomotive Firemen and Trainmen.

The once exception was the Order of Railway Telegraphers, which referred the award to its membership together with a strike proposition. The 15 other organizations decided they would renew their case before the labor board.

Washington, July 22.—To provide the additional revenues necessary to meet the $600,000,000 increase in wages awarded by the railroad labor board, the railroads of the country proposed today to the Interstate Commerce commission that passenger rates be advanced 20 per cent and freight rates 9.13 per cent, in addition to the 27.6 per cent previously requested. They also proposed that a surcharge of 50 per cent be made on Pullman cars, that excess baggage rates be increased 20 per cent, and that milk tariffs be increased to the same level as freight rates.

Would Boost Freight Rates 36.9%.

Should the increases proposed today and those previously asked for be granted in full, existing freight rates would be advanced 36.9 per cent and the nation's freight bill would be increased by $1,355,370,675. The total which would be added to the passenger revenue under the railway executives' plan would be $233,827,982 annually. Pullman charges would go $43,639,344 a year, the revenue on milk would be increased $8,682,089, and excess baggage charges would be advanced by $1,420,995.

The plan presented by the railroad executives disclosed that they had estimated the wage award at approximately $626,000,000 instead of the $600,000,000, figured by the labor board. Alfred P. Thom, general counsel of the Association of Railway Executives, said that the $26,000,000 was figured on the basis of overtime allowances provided in the award.

The proposal of the executives was submitted to the commission by Mr. Thom after a conference with its members. It had been worked out at a series of conferences of railroad officials here since the announcement of the wage award by the labor board at Chicago last Tuesday. The commission made no comment on receiving the proposal and did not indicate whether it would order hearings.

Railroads' Proposal Outlined.

Hearings on the billion dollar freight increase cases were concluded two weeks ago and the general expectation has been that the commission would grant a single increase to cover both that and the added expenses resulting from the wage advances so as to permit the filing of the new tariff before the government guarantees to the railroads expire on September 1, under the terms of the transportation act.

The proposal submitted to the commission today was outlined in the following statement of the railroad executives:

"The carriers suggest that the revenues required to meet the wage award will be raised in part from passenger train traffic and in part from freight train traffic by increasing rates accruing from passenger train traffic and by increasing the percentage advances in freight and switching rates already applied for, in the following maner:

"1. All passenger fares to be increased 20 per cent, with a minimum of not less than ten cents per trip on any form of ticket.

"The foregoing includes: Standard local or inter-line fares, excursions, conventions, and fares for other special occasions, commutation and other multiple forms of tickets, extra fares on limited trains, and club car rates.

"2. All excess baggage rates to be increased 20 per cent.

"3. Surcharge on sleeping and parlor cars to be made 50 per cent of the charge for space occupied either in parlor or sleeping cars.

"4. Milk, increase all rates, both passenger and freight, same total percentage applied to freight revenue.

"5. Freight and switching revenues to be increased sufficiently to yield the balance of the revenue required to meet the increased operating expenses due to the labor board's award, in addition to the percentage already proposed."

Follow Out Wage Increase.

The total increase from all sources of revenue in each of the three railroad classification territories would correspond to the estimated increase of wages in those territories and would be as follows:

Eastern, $318,729,935; southern, $69,909,495, and western, $237,281,655.

Under the executives' estimates, the proposed increase in passenger rates would yield an annual return of $111,668,982 in eastern territory, $29,826,400 in southern, and $92,332,599 in western.

The additional increase in freight rates would be ten per cent in eastern territory, yielding $108,502,841; 8.56 per cent in southern territory, yielding $33,798,926, and 8.23 per cent in western territory, yielding $122,551,208.

The total increase in freight rates resulting from the two proposals of the railroads would be 39.75 per cent in eastern territory, 38.91 per cent in southern territory, and 32.03 per cent in western territory.

The surcharge on Pullman fares in the east would be $17,556,108, in the south, $5,852,036, and in the west $20,231,200. The increased charge on hauling milk would be $6,950,416 in the east; $252,115 in the south, and $1,453,558 in the west. The increase in excess baggage charges was estimated at $527,888 in the east, $180,017 in the south, and $713,090 in the west.

CHALLENGER PUTS ON NEW TOPMAST AND SAIL

Change May Make Difference in Time Allowance in Today's Race, Over Three-Sided Course

Sandy Hook, July 22.—Shamrock IV, challenger for the America's cup, will enter tomorrow's race against Resolute, American defender, with a new top mast and a new top sail, the regatta committee of the New York Yacht club announced tonight. After Shamrock's skipper had notified the committee of this change, he requested a re-measurement of her sail area, but the official measurer was unable to reach the Lipton craft's moorings in time to do the work tonight.

The committee announced, however, that tomorrow's race would be run on a basis of a time allowance of six minutes and 40 seconds for Resolute, subject to any change that may result from a remeasurement of Shamrock's top sail.

Shamrock arrived at a Staten Island shipyard early today under tow and at once was put on the ways in order that her underbody might be scraped. It was the belief of her crew that she had collected oil on her sleek sides since she had left drydock about a week ago, but when she was slid back into the water late today this fear was pronounced groundless. Not a barnacle and scarcely a streak of oil had been found on her hull.

While Captain Charles Francis Adams II did not order Resolute put in drydock for another inspection, he gave his crew little rest as the great white sloop lay anchored in the shelter of the hook. Sails were gone over, compasses tested, and the last touch given the racer before resumption of the 1920 regatta.

Tomorrow's race will be over a three-sided course, starting and ending as usual from the Ambrose channel lightship. It was admitted at the Staten Island shipyards that Shamrock had sustained a slight injury during yesterday's race.

CUBS EASILY DEFEAT ELMIRA

Delicia Club Proves to Be Easy for Weidman's Hitters — Heavy Clouting by Locals.

The much praised Delicia club made an appearance in the city yesterday with the avowed intention of taking home a game from Duffer's Cubs, but the name sake of Frank Chance's famous world beaters had their batting eye with them throughout the entire contest, if such it may be called. The offerings of Garrison were looked upon as delicate morsels by the Cubs and they clouted the sphere for three doubles and a couple of triples in addition of a half dozen one sackers, creating a cloud of dust which finally cleared away, showing the home team to be the victors by a 13 to 2 score.

In the first and second innings Oneonta scored a half dozen runs by extremely heavy pounding of the ball. In the fifth the visitors made a feeble effort to make a showing. With one down, Lebo singled and went to second when Marone let Kibbe's throw get through him in an endeavor to catch the Reformatory city runner napping at first. Wilson grounded; Garrison walked and both runners scored when Daley hit safely to center field.

Ernest Damaschke, who was running the team in the absence of Duffer, doped it out that the visitors had done their best for the day and at the end of the inning he used subs for half of the team for the remainder of the game.

In the seventh, with two down, and two on the cushions, Miller made a hard run after Tyron's fly and by making a seemingly impossible catch, retired the side and kept the local's score from being at least 15.

PRICES RISE AND FALL IN NARROW RADIUS

Sentiment in Speculative Circles Visibly Heartened by the Labor Situation

New York, July 22. — Prices on the stock exchange rose and fell within extremely narrow radius during the greater part of today's session. Sentiment in speculative circles was visibly heartened, however, by the better aspects of the railroad labor situation and maintenance of comparatively easy money rates.

There was a fairly successful demonstration against the shorts in the last hour, when quotations rose to the highest averages of the day under the impetus of a demand for oils, steels, rails and various miscellaneous specialties.

Industrial conditions brightened as a result of the railroad wage increase, and advices from the more important steel centers indicated increased production based on the belief that many new contracts for equipment are pending.

PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year? To rid the pesky bedbug, you can readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones. P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that the safest and most economical way to stop future generations of bedbugs, roaches, fleas and ants is to use the new discovery Pesky Devils Quietes "P. D. Q."

A 25c package of P. D. Q. makes a quart, enough to kill a million bedbugs, roaches, fleas and cooties and at the same time destroy their eggs.

Impossible for them to exist when P. D. Q. is properly used. Free, patent spout in every package to get the pesky devils in the hard-to-get-at-places and save the juice.

Special Hospital and Hotel size $2.50—makes five gallons of P. D. Q.—your druggist has it or can get it for you, or sent prepaid upon receipt of price by the Owl Chemical Co., Terre Haute, Ind. Success of P. D. Q. has caused imitators; genuine P. D. Q. is never peddled.

DOG POISONER ACTIVE.

Three Cooperstown Pets His Victims Already—Drowning Tragedy Averted.

Cooperstown, July 22.—This village has a menace in a dog-poisoner and three per dogs have already been his or her victims. The attention of the proper authorities has been called to the matter and prompt steps are being taken to sift matters as far as possible. If discovered and proved guilty, the offender will no doubt be dealt with severely. The dogs poisoned are those of J. Paul Francis, Lester Clark and George Saxton.

Cut by Mowing Machine.

Toni Carute of Fly Creek Valley is a patient at Thanksgiving hospital, where he is said to be doing nicely. The lad, who is ten years old, stepped in front of a mowing machine, the knives cutting his left leg near the ankle. He was brought to the hospital by Dr. F. J. Atwell.

Farm Bureau News.

Manager VanScoik, of the Otsego County Farm bureau, has forwarded to Albany nine contracts made by farmers of Otsego county to have their herds tuberculin tested. The fine result of the recent Holstein sale is responsible for this action on the part of the farmers.

With the membership fee twice as large as that of last year, the Farm bureau still has 1598 members, and of this number 91 are business men of the village. Ten communities have increased their membership over last year and one new community has been added to the list. In 1919, the membership was the highest ever reached by any county, being 2241.

Milk in Excellent Condition.

Manager H. W. Jones, of the Nestle Food company, states that the milk is now being delivered in excellent condition, one can only being rejected Tuesday on account of temperature. The New York city Board of Health, which is one of the large patrons of the Nestle company, requires the milk to be 60 degrees when received at the plant.

Drowning Tragedy Averted.

Raymond McGarity, an Otesaga bell boy, went out canoeing Saturday with another employe of the hotel and nearly lost his life as a result. The two young men, when near Kingfisher tower, two miles from the village, attempted to change seats, overturning the canoe. Gustave Weinstein of the New York police force, who is in camp on the shore of the lake, went to the assistance of the young men and arrived as they were much in need of help, being nearly exhausted.

Cooperstown to Have Armory.

The Murdock building on Main street is being placed in fine condition by a force of workmen, changing the old time store into an armory. The state has leased the building for a term of years and is expending several thousand dollars to put it in good condition suitable for military purposes. There will be a rifle range, drill room, locker room, shower bath, with all other necessary conveniences.

News Notes

Mr. and Mrs. Carlton J. Hinman are the parents of a son, born at Thanksgiving hospital, July 12th. — At a meeting of the Cooperstown Fire department held recently, it was decided to have the annual field day on August 14th.—It has been suggested by a prominent Middlefield resident that a new bridge be built over the Susquehanna river at the east end of Main street of this village, as a memorial to the men of both Otsego and Middlefield towns who served in the World war.

Mr. and Mrs. Stone Surprised.

Saturday evening, a committee representing the Southern New York Power and Railway employes pleasantly surprised Mr. and Mrs. C. L. Stone at their home on Lake street and presented them with a silver tea service. For the past five years, Mr. Stone has been general manager of the company and leaves with the best wishes of all the employes, with whom he has been unusually popular.

Tennis Tournament Next Month.

The fourteenth annual open tennis tournament of the Cooperstown Country club will begin Monday, August 9, at the Cooperstown links. There will be prizes for men's singles and doubles, ladies' singles and doubles, mixed doubles and to the runner up in the men's singles. The winner of the men's singles is entitled to hold for a year the Cooperstown Country challenge cup, which to become the permanent property of the holder must be won three times. All matches will be the best two out of three sets except the final matches of the men's singles and men's doubles, which will be the best three of five advantage sets. Henry S. Cooper has charge of all entries.

SCHENEVUS COUPLE MARRIED.

Miss Luella Beams Becomes Bride of Earl S. Davis at House Wedding.

Schenevus, July 22. — The home of Mr. and Mrs. William Beams in this village was the scene of a pretty wedding last evening at 7 o'clock, when their daughter, Miss Luella N. Beams, was united in marriage to Earl S. Davis, also of this village. The ceremony was performed by Rev. N. R. Feagles, pastor of the Baptist church of this village.

As the bride and groom entered the parlor, which was decorated with summer flowers in the color scheme of pink and white, the wedding march was played by Miss Velma Beams of Oneonta, the bride's cousin, who also rendered, "Oh, Promise Me," during the ceremony. The bride, who wore a white satin gown with pearl trimmings and carried a large bouquet of white bridal roses, was attended by her cousin, Miss Florence VanAlstine of Oneonta, as maid of honor, she being gowned in pink silk voile and carrying pink roses. Frank C. Beams of Akron, Ohio, the bride's brother, was best man. Lottie Lillian Hughes of Worcester acted as ring bearer, and Bernice and Gladys Sperry of Worcester were the flower girls.

Following the ceremony, Mr. and Mrs. Davis left for a two weeks' wedding journey, which will include Niagara Falls, Cleveland, New York and other points of interest. Upon their return, they will make their home in Schenevus, where both are held in high regard by a host of friends, who will extend heartfelt congratulations. The bride was the recipient of a costly array of gifts, including silver, cut glass and a sizable sum of money.

Among those present at the wedding were the following relatives and friends from other places: Mr. and Mrs. Ira Beams, of Westford; Mr. and Mrs. David Beams, Mrs. Virma VanAlstine, Mrs. Olive C. Wells and Miss Alice Bulson, of Oneonta; Mr. and Mrs. William Osterhout and Mr. and Mrs. S. C. Beams, of Colliers; Clarence Bulson, Mrs. Bruce Sperry and Mrs. Joseph Hughes, of Worcester; and Mrs. John VanAlstine of Laurens.

Schenevus Siftings.

The newly elected officers of Manaho lodge, 995, I. O. O. F., will be installed by D. D. G. M. Sherman J. Stone at the regular meeting to be held Wednesday evening, July 28. All members are requested to be present. — The ladies of St. Mary's church will hold an ice cream and cake sale on the Homestead lawn Thursday evening, August 5, for the benefit of the church. — Mr. and Mrs. William G. Price of Selah, Wash., entertained a large party of friends at dinner at the Homestead, Thursday evening. — Mrs. Jane Simpkins of New York is the guest of her sister, Mrs. Anna Jones. — Miss Helen Gilchrist is spending the week with Miss Laone Kern near Westford.

OH! MY BACK!

How My Back Aches!

After influenza or colds the kidneys and bladder are often affected.

This is the red-flag of danger—better be wise and check the further inroads of kidney disease by obtaining that wonderful new discovery of Dr. Pierce's known as "Anuric" (anti-uric), because "Anuric" expels the uric acid poison from the body and cures those pains, such as backache, rheumatism in muscles and joints.

Naturally the blood is filled with poisonous waste matter, which settles in the feet and ankles.

Dr. Pierce's Anuric is many times more potent than lithia and often eliminates uric acid as hot water melts sugar. All druggists.

Rochester, N. Y.:—"Last fall I had the influenza and my kidneys became congested and swollen. My back hurt me so I would have to walk all bent over. I also had bladder weakness. I took Dr. Pierce's Anuric and it so completely cured me that I have not had any return of this condition since. I consider 'Anuric' the best kidney, bladder and backache medicine I have ever taken."

COMMUNITY CHAUTAUQUA OPENS

Worcester Is Pleased with Entertainments on the First Day.

Worcester, July 22. — The Community Chautauqua opened this afternoon with an entertainment given by the Boston Light Opera Revue, composed of six young ladies, acting as a pianist, violinist, celloist and the Chadsey trio. The program was excellent, many members being from the newest light operas. The selection "Jump Jim Crow" was heartily enjoyed by all. Tonight the same company gave a prelude, followed by a lecture, "How Eli Got There," by Albert Edward Wiggam. He is a noted lecturer and is known not only in this country but in foreign countries.

Tomorrow afternoon at 2:30, the Allpress All-Star company will give their popular instrumental concert and in the evening they will give a concert preceding an illustrated lecture, "Romance of South American Enterprise," by Dr. J. W. Skinner.

Judging from the attendance and interest manifested this afternoon, the Community Chautauqua will be a success and the community is to be congratulated for being privileged to attend entertainments of such a high class for so low a price. A season ticket may yet be purchased for $2.20.

Rapid Progress on New Track.

Work on the new third track is rapidly being put under way. The Whalen gang is installing the overheadcrossing near East Worcester. Porter Brothers have been busy placing the machinery in shape. The steam shovel at East Worcester has commenced the work of excavating near Hudson's lake.

Notes of the Village.

Miss Henrietta Wyatt of New York city is spending her vacation at the home of Mr. and Mrs. F. B. Robbins. — Martin Carey and son, Thomas, of Brooklyn, are spending a few weeks at the home of Mrs. R. D. Mitchell in this village. — Mr. and Mrs. Everett G. Galer are spending a few days with his parents, Mr. and Mrs. Oscar Galer. Mr. Galer has been transferred from the New York office of the Borden company to Belmont. — Mrs. Merton Carroll and daughter, Leta, of Granville, are visiting friends in town this week. — DeRue Brothers minstrels gave an entertainment in the Wieting opera house last night.

BRIGHTER SUGAR PROSPECTS.

People who have soft-pedaled the sugar bowl for six years may be interested in the statement that crop conditions on July 1 promised an increase in next fall's sugar production in the United States; an increase amounting to, approximately, 333,000 tons, or enough to load a train of freight cars 70 or 75 miles long, allowing 40 tons per car. This prospective crop is equal to more than 22 pounds of sugar for every man, woman, and child within the United States, and the increase over last year equals more than six pounds per person. The sugar-beet crop this year covers almost a million acres as against the five-year average of about two-thirds of a million; and the growing condition on July 1 was above the 10-year average.

There is more than half a million acres of sugar cane this year, about half of which is intended for sugar and the other half for syrup, after deducting considerable amounts for planting the next crop. There is a substantial increase in acreage over last year, especially in Louisiana, where nearly all the cane sugar of the United States is made. The growing condition of the cane in Louisiana is much better than last year, but considerably under the average for the past nine years.

The Department of Agriculture, which has carried on a number of projects looking toward making this country self-sustaining from a sugar standpoint, is co-operating with other agencies in protecting the crops from insects and disease and otherwise promoting the production and utilization of a bumper sugar crop. It should be borne in mind, however, that the forecast for 1920 is based upon conditions on July 1, and the actual outturn would be above or below this forecast according as conditions between July 1 and harvest are better or worse than average.

Bright as the prospects for more sugar are next year, it should be borne in mind that the thing in which most people are interested is the price which must be paid, rather than how much sugar there is. During the present summer there appears to have been sugar enough. The trouble is that the price has been prohibitive. If with more sugar there comes also more sugar for the money, consumers in the United States will be grateful.

CROPS AND THE WEATHER.

What Federal Farm Bureau Says About Crops in Central New York.

The Weather bureau at Ithaca sends out the following report of weather and crop conditions in the state of New York for the week ended Tuesday, July 20:

Weather conditions were very similar to those of the previous week, with adequate precipitation and temperature somewhat below the normal. All growing crops were benefitted, altho the nights were too cool for corn.

Haying continued, and about 50 per cent of the crop is now secured. The frequent showers, together with cloudy weather, interfered with curing. Reports indicate that the yield per acre is from 20 to 40 per cent below that of last year.

The cool, cloudy weather has been very favorable for potatoes, and their condition is excellent. The digging of early varieties has commenced.

Fruit prospects continue bright, especially for apples, pears and grapes. Cherries, currants and raspberries are abundant.

150 Attend Presbyterian Picnic.

About 150 members of the First Presbyterian church and Sunday school were present at the annual picnic, which was held last evening at the pavilion in Neahwa park. Despite the threatening weather, there was much merry-making and pleasant social intercourse and everyone seemed to enjoy him or herself. The picnickers gathered late in the afternoon, and at 5 o'clock a bounteous supper was served, the "eats," which were furnished by those in attendance, rapidly disappearing. The meal was topped off with ice cream and cake and was pronounced "just right";

Following the supper, the youngsters, and also many grownups, indulged in baseball and various other games. One of the boys was hit by a ball hot off the bat of the Sunday school's heavy hitting secretary, but was not injured. The picnic broke up as darkness began to fall, all declaring it a most delightful event.

Big Event for Universalists.

The Y. P. C. U. of the Universalist churches will hold their national convention at Murry Grove, Good Luck, N. J., August 19-25. Murry Grove is the place at which John Murry, founder of the Universalist church, landed in this country. This is also the anniversary of his landing.

From August 22-28 the National Universalist Sunday school will hold their convention at Murry Grove after which there will be a celebration at Glouchester, Mass., the home of John Murry.

COMMENTS DAY AFTER DAY

A True Bolter.

Such is the nature of Amos Pinchot and his crew that if they had been present during that great campaign in heaven when Lucifer challenged the power of the Almighty, they would have been found in a third party.—[San Francisco Chronicle.

Where Nature's Balm May Soothe.

Candidate Cox will tour the country, Candidate Harding will conduct a porch campaign, and Candidate Debs a cell campaign. There seems to be nothing left for the third party but to take to the woods.—[Springfield Republican, independent.

Taking It Calmly.

The English papers are justifiably inclined to make sport of the efforts of some American politicians to shed their last drop of ink to make Ireland free—on paper. They have even taken to using the American vernacular in their comments thereon. One British journal refers to "a certain group of American politicians who make twisting the lion's tail a favorite amusement." "The London Post," in commenting on the platform of the San Francisco convention, says: "We believe the Irish resolution does not cut very much ice as it stands." When an Englishman can thus carelessly speak of the ice-cutting he is not very much wrought up. — [Los Angeles Times.

The Proper Way.

The way to keep wages up and everybody employed is to have only the necessary number of workers at any job, and have them do their best. Then all work that needs to be done will be undertaken and there will be jobs enough.—[Exchange.

The First Lesson.

All of the distinguished authorities gathered for the 14-ring convention in Chicago agree that the government should own the railroads and go in generally for a wide extension of power, but still there are old-fashioned people who think the country had better learn to run the government it has already before spreading out. —[Detroit Free Press.

A Useful Star.

Harding heeded the old advice in his youth and hitched his wagon to a "Star."—[Philadelphia Public Ledger.

Not a Steady Worker.

The estate of a California bellhop is estimated to be worth only about $30,000. He must have been sick a great deal of the time, or otherwise incapacitated for work. — [Birmingham Age-Herald.

Viewed with Alarm.

An Englishman views with alarm the increase in the American and Japanese navies. So do the American and Japanese taxpayers.—[Birmingham Age-Herald.

"Are You There?"

Owing to heavy storms the other day 1,000 London telephones were thrown out of order. Very few subscribers noticed the difference. —[London Punch.

Charged With Skipping Board Bills.

Frank Sigsbee was arrested yesterday morning by Officer Simmons on a warrant issued by City Judge Huntington charging him with failing to pay his board bill. Judge Huntington adjourned the case until August 3 after Sigsbee furnished $100 bond for his appearance at that time.

Officer Brownell went to Stamford yesterday afternoon and brought back with him one Henry Coons, who was wanted in Oneonta on the same charge as Sigsbee's and had been arrested by Officer Charles Grant of Stamford yesterday morning. He will probably appear before Judge Huntington today.

Two arrests were made yesterday for violations of the Motor Vehicle law. One motorist was given a suspended sentence and the other was fined $5.

Return to Asheville.

Mr. and Mrs. Phil Wright and son, Watkins, who for the past ten days had been guests of their uncle, James Watkins, of 31 River street, left Thursday morning over the U. & D. scenic route for New York city, whence they return in a few days to their home in Asheville, N. C. Mr. Wright has a good position in connection with the administration of the military hospital, an instituton with 2,000 patients located about seven miles from Asheville.

Preventing Grain Thefts

[National Crop Improvement Service.]

DEFECTIVE cars with leaking sides or poorly fitted doors may cause a serious loss of grain in the journey from the farm to the market. Deliberate theft from cars in transit, however, is another serious source of loss and it is frequently asserted that hundreds of families at the larger grain terminal market almost wholly subsist by selling grain and coal stolen from railroad trains.

Cars in motion are not immune from pilfering. At points where trains usually stop or slacken speed, seals are frequently broken and doors entered by grain thieves who fill bags with grain, throw them out, and before the train gathers too much speed jump off and collect their booty. This is usually done by young hoodlums working in gangs with lookouts and pre-arranged signals. The only way to prevent this is to have an officer ride on the trains through the districts where these raids are common. This the Chicago board of trade insists the railroad should do.

When the grain cars are motionless in the yards, it is not uncommon for a grain thief to bore a hole through the car floor, fill his sack, and plug up the hole. Cars in poor condition are frequently subject to attack, loose boards being readily shoved aside to get at the grain.

As a rule cities will not furnish sufficient police protection for railroad property and the weighing bureau of the Chicago board of trade now maintains its own service. Often illicit sales of grain are traced back to the thieves and the gang broken up. Before this service was established thefts of grain owned by farmers and country shippers were enormous and the shortages resulted in constant quarreling between shipper and buyer.

SHOULD THEY BE LICENSED?

New York Mail Reports Bona Fide Examination in That City.

In New York city everyone who drives a car must obtain a license from the automobile bureau. In all other sections of the state the only requirement is that the driver must be at least 18 years of age.

As and example of what some of the applicants for a driver's license know about the operation of a car, the following questions and answers are printed. According to the New York Evening Mail, the answers were given by a woman in a bona fide examination for a license.

Q. If you brakes fail to work going down hill, what should you do?

A. Jump out and throw a stone under the wheel.

Q. Why must you keep grease and oil off the brakes?

A. Because it gets your hands dirty.

Q. What is the office of the spark plug?

A. The office of the spark plug is the office where it is made or sold.

Q. Which side of a car going in the same direction must you pass?

A. Always on the safest side.

Q. If your engine is stalled on a car track, what would you do?

A. Telephone my husband to come and fix it.

Q. How far must you stop from a fire hydrant?

A. Far enough not to scratch the varnish.

Q. What is the speed limit (a) in the city, (b) in the country, (c) going around a corner, (d) going past a school?

A. Not over 40 miles per hour in the city, but slower in the country because the roads are bad. Faster around a corner so the momentum won't tip you over. Blow your horn past a school.

Q. What is the proper thing to do when your car skids?

A. Wait until it stops before going.

Prize Pickerel at Oquaga Lake.

Robert Brown, of this village, who previous to July 15th, enjoyed the distinction of being the champion fisherman of Oquaga lake, so far as size of fish caught was concerned, no longer holds this title. Webster D. Hibbard of Lynbrook, who has spent many summers at the lake during the past 24 years, landed a pickerel last Thursday that weighed just two ounces less than six pounds. This catch was made by Mr. Hibbard with a light rod and reel, and with a perch hook, without the aid of a gaff hook or landing net. It took him between fifteen and twenty minutes to land the fish, which was 28 inches in length. He was out in a canoe at the time.—[Deposit Courier.

NEED NOT DELIVER DEED

Eugene Deforest of Unadilla Fails in Effort to Compel Mary O. Baker to Deliver Deed to Farm. Complaint Being Dismissed.

Among the decisions handed down yesterday by Justice Kellogg is one of much interest in Unadilla and vicinity, the case having been tried at Chambers here a few months ago and attracted no little attention locally.

It was an action brought by Eugene Deforest of Unadilla against Mary O. Baker of the same town and he sought to compel specific performance of an alleged contract made with the defendant. The plaintiff contended that she agreed to sell her farm to him, including some property on the farm for the sum of $5,000 and that as a part of that price the plaintiff was to assume a mortgage of $4,500, after the deduction of accrued interest.

The defendant contended on the contrary that the agreement made was that she should convey her farm and personal property upon the payment to her of $5,000, and that in addition thereto the plaintiff was to assume the payment of the mortgage for $4,500 thereon, less the interest.

The court dismisses the action with costs, finding in favor of the defendant on the facts. The plaintiff was represented by Sewell & France of Sidney with Jerome S. Secord of Unadilla as counsel and the defendant was represented by O'Connor & O'Connor of Hobart with A. L. O'Connor appearing for her.

CHAUTAUQUA NEARS END

THE GONDOLIERS, ONE OF STELLAR FEATURES, PROVES VERY MERITORIOUS.

Mr. Chandler Discusses Great Social Problems at Morning Lecture — Billy Pryor, Al Baker and Youna Delight Children of All Ages in Afternoon — Today's Program Attractive.

The summer Chautauqua is nearing the end, two days only remaining, and despite the warm weather the regular attendants are regretting that it is so soon to be over, the program having been of such uniform excellence in every way. Thursday's was no exception, some of those in attendance at the morning lecture by Sidney L. Chandler, who discussed "The Great Social Problems of the Present Time," declaring it to have been one of the most interesting and timely lectures of the week and full of thought worthy of the attention of every citizen. He discussed these subjects with a frankness and freedom that was commendable and insisted that America must meet and solve them without flinching and for the future of the race and the country it should be as promptly as possible. He was given close attention.

Children's Afternoon.

The program of the afternoon was announced as specially designed for the children under 18 years, although those over that were assured that they would enjoy it—and they did. The orchestra with The Gondoliers gave a short musical prelude to the keen enjoyment of all and followed it with numerous numbers during the regular program of the afternoon.

Billy Pryor, the black-face comedian, was the first to appear and when he stepped out on the platform with his loose baggy clothes and gay hose, he was greeted with cheers by the youngsters who seemed never to tire of his efforts. Intelligence that he had appeared upwards of 500 times before the boys overseas with his clever banjo playing and impersonations made him a favorite at once. After his first number he inquired why they did not make more noise, asserting that he was deaf. Thereafter the applause was more liberal and each time his "Ah Heah Yo!" made the audience laugh. He played some popular hits and sang some quaint negro plantation songs and pleased all.

Al Baker kept the youngsters and older ones too mystified with his sleight of hand tricks and calling frequently one or more boys or girls to the platform, showed them how to do numberless tricks of an interesting nature, creating much amusement. He pulled money, cards and bologna out of their clothes and a rabbit from the pocket of another. He caught the little folks especially when he mixed a cake from real eggs and flour and baked it in the hat of a spectator while it was held over the head of a brick-topped lad. The cake was done to a nicety and samples were passed around and all seemed to relish it. He later presented his friend, E. Dennis, to the crowd and he sang and chattered away amusingly to the delight of the kiddies.

Youna, the juggler, is in a class alone. He is not the ordinary type of juggler but filled his audience with expectancy and awe as he twirled spinning tops on delicate bamboo reeds and one slim reed atop another with ease and grace. He wore a very handsome satin and gold mandarin robe and later changed for a varied colored robe.

Record Attendance for "Gondoliers."

Though everybody believed it was getting ready to rain long before 8 o'clock last evening, and though a little later their belief was fully confirmed, neither the rain nor the promise of it appeared to have kept anybody away from the performance of the "Gondoliers" at the Chautauqua tent. In fact, it was well crowded with men and women, each with an umbrella, long before the shower or the coincident performance began. And, unfortunate as the rainfall was, everybody took it well. The singers sang and the actors acted as naturally and mid amid the storm, with as good spirit and, so far as could be determined amid the storm, with as good voices as would have been the case had every condition been favorable. As for the audience—such as were near—listened with appreciation, and those too far off with courtesy and good nature.

The opera itself, though perhaps less well known that "Mikado" and "Pinafore," was not a whit less tuneful and catchy, and the company, which was under the direction of J. K. Murray, who in other years had managed the Chautauqua production of the other operas named, was of exceptionally fine quality. Overton Moyle was a most impressive grandee of Spain, and Clara Lane was less statuesque but equally imposing as duchess. Mr. Murray, who was the Grand Inquisitor, lived, sang and acted up to his high repute. Messrs. Hewett and Northrup, possessors of cultured voices of notable quality, admirably carried the parts of the two kings; and "honors were easy" as between Charlotte Woodruff as Casilda, daughter of the duke, and Miss Keith and Miss Seeger, wives of the putative kings, each an excellent singer and her part was most melodious and tuneful. The chorus was composed of young ladies in training in the best musical schools, or under some of the best masters of the country, and they did equally good work. All in fact lived up to the high traditions of the Chautauqua plays and operas, and the "Gondoliers," which "mixed those children up" even to greater extent than was done by "Josephine in Pinafore, was brought to a happy conclusion, amid the slackening rain at a little before 11 o'clock.

THIRD ARBITRATOR CHOSEN.

Merritt Bridges Esq. Selected to Settle Trolley Differences.

At a conference yesterday Merritt Bridges esq. of Morris, a former district attorney of Otsego county and a man held in high repute as fair minded, was agreed upon as the third arbitrator in the matter of the differences between the trolley company and its employes relative to wages and a working agreement. The first meeting to hear evidence will be held at the Chamber of Commerce rooms at Cooperstown on Monday next.

The selection of Mr. Bridges is one that will appeal to citizens of the county as a fortunate one. He is sufficiently removed from the territory to be free from sympathies and yet sufficiently near to be familiar with living conditions in this section and with the conditions under which the road is operated.

The men have selected James J. Byard jr. of Cooperstown as their attorney to be present at the hearings and represent them.

Will Occupy New Store Room.

Alterations and repairs are nearing completion in preparation for the occupancy of the store at 154 Main street by the Barnard Bakeshops, Inc., of Binghamton, which company expects to open its bakery about August 1st. The interior has been redecorated and a partition has been constructed between the sales room and the portion at the rear of the store. As soon as the carpenters are through the machinery which is in Oneonta at the present time will be installed. A novel feature of this store will be that all work will be done in the window in full view of passersby.

William Schloos of Binghamton, treasurer of the company, is in Oneonta supervising the preparations for opening. He will remain here for three months after the bakery has opened, after which he will go to Corning, where the next of the chain of stores is to be established.

Motor Car Wrecked.

Last night, at about 10:30 o'clock, as Edgar Couse of this city, going toward East End, was about to meet the East End trolley, a wheel on his large touring car caught in the track and held so that he was unable to get out of the way of the trolley. As a result, the step of the trolley was taken off and his car was badly wrecked, one wheel was torn off, both fenders on the side next the car were broken, and the engine was injured to some extent. The accident happened near the Seventh street intersection with Main and the car proceeded nearly 50 feet before it was brought to a standstill. Mr. Couse states that he was not moving at a very fast speed when struck, but that he was unable to turn the car from the track as he had intended to do, owing to the depth of the depression in the pavement along the rail.

Wreck of Wood's Automobile.

Many Oneontans viewed with interest the pieces of the car of the late Dr. Wood's of Delhi, which was wrecked at Unadilla two weeks ago in the accident in which the owner and his wife both lost their lives. The wreckage of the car was brought to this city Thursday morning by A. M. Butts and during the day stood alongside his Main street building. While the larger part of the car might be denominated junk, there were three wheels in good condition, not even the tires being marred. One other was entirely crushed and broken and an extra was apparently usable. So far as could be determined the engine could be repaired, but all the lighter parts of the machine were crushed out of all resemblance to their original shape.

CHAPIN RECOVERS STOLEN CAR

Studebaker That Was Taken From City Streets Last May Is Located in Boston and Driven Through to West Oneonta.

The Studebaker touring car owned by Grover Chapin, a West Oneonta merchant, which was stolen from this city early in May and has since been missing, is again in the possession of its owner and does not often get out of his sight now that he has it again.

It will be recalled that Mr. Chapin left his auto on Chestnut street one night while he was attending a performance at the Oneonta theatre. When he came out of the playhouse to get his car, he was surprised to find it missing. His first impression, that someone had taken it for a joyride, was finally dispelled as time passed and there was no trace of the car. The local police authorities were notified and postcards announcing the theft were mailed all over the vicinity.

Nothing was heard from the car until last week, when Mr. Chapin was notified by a firm conducting a Boston garage that a car answering the description of his Studebaker was in their place awaiting some one to claim it. Mr. and Mrs. Chapin left later for Boston, and after identifying the automobile as their own, drove it home, arriving in West Oneonta last Tuesday night.

The Boston garage men said the car had been brought to their shop for some minor repairs and that the persons who had left it never came after it. It did not appear that the car had had any great usage and seemed to be in as good condition as when it was stolen. Mr. Chapin is glad to again have the car in his possession and is not particularly interested in whether the thieves are run down or not.

Brought to Hospital With Broken Arm

While playing about the home of her friend, Edith McArthur, on Wednesday, Eleanor Irwin, the eight-year-old daughter of Rev. and Mrs. Robert R. Irwin of North Kortright, suffered the misfortune of breaking her arm at the elbow. Dr. Thomas L. Craig was called and considered the fracture so serious that she was brought to the Fox Memorial hospital and the fracture was reduced by Dr. Cutler, after which she was taken to her home, where at last reports she was making a good recovery.

Bus Line Reported Sold.

It is reported that R. M. Greene has sold his Worcester-Oneonta motor bus line to Lloyd Britton, who has already taken possession. Julian Palmer is driving the bus for the present time.

ANDREW N. TODD A SUICIDE

Mind Had Become Impaired by Long Illness and Advancing Years — Funeral, Which Will Be Private, Saturday Afternoon — Interment at Hartwick Seminary.

Andrew N. Todd, long a well known resident of South Side, who had been in ill health for three years and more and whose mind had become seriously impaired during the past few months, ended his own life by hanging in his room at the apartments of his son, John N. Todd, at 69 River street, late yesterday afternoon, while the family were absent from the home. He had suffered a bad spell the previous night but appeared better during the day and ate quite heartily at the noon day meal. He had, however, planned the act, for he had secured a clothes line and had driven a nail in the door frame. When the son and wife returned at about 6 o'clock they found his body. Dr. Latener was at once summoned but life was extinct. No inquest is considered necessary.

The funeral services will be held from the home of the son on Saturday afternoon, at 2 o'clock, new time. The services will be private. Rev. Frank Woolford of Hartwick seminary will officiate and interment will be made in the family plot at Hartwick Seminary cemetery.

Andrew Nelson Todd was born in the town of Middlefield December 9, 1840, the son of Orange and Ann (Daniels) Todd. When he was 15 years of age the family removed to what has since been known as the Todd homestead near Hartwick Seminary, where he resided until 25 years ago last March when he purchased a small farm on South Side, about three miles above this city, where he had lived until failing health resulted in his going to the home of his son less than a year since. He has been engaged in fruit and poultry raising and market gardening all his active life and for years he supplied much fruit and vegetables in this city, becoming well known to many.

On October 6 1868, he was united in marriage with Nancy M. Wentworth of Hartwick, who with four children, Charles L. Todd of Hartwick Seminary, Mrs Edna T. Hiller of 61 Maple street, John R. Todd of 69 River street and Mrs. S. F. Germond of 20 West End avenue, this city, survive him. He leaves also one brother, John B. Todd, of Gardner City, Kansas.

Mr. Todd united years ago with the Methodist church at Hyde Park, near his old home, and had never transferred the membership. He was an industrious man and possessed many qualities to admire.

SHORTAGE AFFECTS CIRCUS.

Lack of Paper Prevents Usual Quantity of Lithographs Being Seen.

Newspapers are not the only sufferers of the present paper shortage. The circus is likewise suffering from the inadequate supply and much difficulty is being experienced in obtaining the bright lithographs, which announce the coming of the show to the delight of both young and old.

The majestic Hagenbeck-Wallace circus, which is to exhibit here on Friday, July 30, has experienced much difficulty this season. The large stock of paper here before so prominent on the advance cars, is not in evidence this season and the supply is declared to be held as fast as it arrives.

According to the circus agent, the Hagenbeck-Wallace circus is suffering more than other tented shows. It seems in all the large printing and lithographing plants there are large supplies of stock lithographs, but this show is placing newly designed paper upon the boards and in the windows this season and the plant is handicapped in securing fresh paper for the Hagenbeck-Wallace people.

The lithographs and banners this year picture many new and novel trained animal acts, which construct part of the circus program. European novelties are also advertised, as well as the large menagerie, declared to be one of the most complete in the world. A free street parade is another of the features advertised.

The Hagenbeck-Wallace circus will exhibit at Main and Luther streets, both matinee and night, and during its stay here an uptown ticket office will be opened at Lewis & Bates Jewelry store.

A SLICK ONE AT GRAND GORGE.

Stranger Gets Away with Registered Letter and $250.

Grand Gorge had a visitor Monday, says a correspondent of the Stamford Mirror-Recorded, compared to whom oil is as the business side of sandpaper. He was running in low and oozed into the Grand Gorge post office and asked for and received a registered letter addressed to Harry Wycoff, who, he sorrowfully explained, was having his auto repaired up the street. Then he oozed gently out and away. The letter, it is said contained $250 in currency which had been sent by registered letter to the Grand Gorge post office by the National bank of Stamford, following a telephone call that morning purporting to be from Harry Wycoff of Gilboa.

DEATH OF INFANT.

Babe's Mother Died Shortly After Daughter's Birth in February.

Little Portia Cynthia Howland, daughter of Norris and the late Cynthia Howland, died at the residence of its great uncle, L. E. Brownson at West Oneonta, late last night. The child's mother died at Otego within 24 hours after the babe's birth on February 29th last, since which time the infant has been tenderly cared for at the Brownson home where all had become attached to it. The funeral arrangements await the arrival of the father who is residing at Otego.

Lee Sent to Penitentiary.

Arthur Lee, who was arrested Wednesday evening well lit up with Horse Vino by Officers Cross and Jones on Broad street, appeared before Judge Huntington yesterday morning and after pleading guilty was sentenced to 90 days in the Albany penitentiary and was taken there yesterday. Lee is well known to the local police, having appeared in court about 25 times on various charges.

Truth Is Our Best Salesman

We are telling our customers the truth when we say that we do not expect any radical price drop during the year. No one connected with the shoe industry can expect to sell merchandise of quality cheaply until everything connected with the industry is reconstructed. This is impossible for quite some time to come.

You will find that our offerings are quality offerings and not price offerings. We sell because of the goodness of our shoes and the preference of our customers for serviceable, stylish footwear.

MUST FIND NEW PATH TO PEACE—HARDING

(Concluded from Page One.)

fense. America must not only save herself, but ours must be the appealing voice to sober the world.

It must be understood that toil alone makes for accomplishment and advancement, and righteous possession is the reward of toil, and its incentive. There is no progress except in the stimulus of competition.

The chief trouble today is that the world war wrought the destruction of healthful competition, left our storehouses empty, and there is a minimum production when our need is maximum. Maximums, not minimums, is the call of America. It isn't a new story, because war never fails to leave depleted storehouses and always impairs the efficiency of production. War also establishes its higher standards for wages, and they abide. I wish the higher wage to abide, on one explicit condition—that the wage-earner will give full return for the wage received.

Production, More Production.

I want, somehow, to appeal to the sons and daughters of the republic, to every producer, to join hand and brain in production, more production, honest production, patriotic production, because patriotic production is no less a defense of our best civilization than that of armed force. Profiteering is a crime of commission, under-production is a crime of omission. We must work our most and best, else the destructive reaction will come.

The menacing tendency of the present day is not chargeable wholly to the unsettled and fevered conditions caused by the war. The manifest weakness in popular government lies in the temptation to appeal to grouped citizenship for political advantage.

It would be the blindness of folly to ignore the activities in our own country which are aimed to destroy our economic system, and to commit us to the colossal tragedy which has destroyed all freedom and made Russia impotent. This movement is not to be halted in throttled liberties. We must not abridge the freedom of speech, the freedom of press, or the freedom of assembly, because there is no promise in repression. These liberties are as sacred as the freedom of religious belief, as inviolable as the rights of life and the pursuit of happiness. We do hold to the right to crush sedition, to stifle a menacing contempt for law, to stamp out a peril to the safety of the republic or its people, when emergency calls, because security and the majesty of the law are the first essentials of liberty. He who threatens destruction of the government by force or flaunts his contempt for lawful authority, ceases to be a loyal citizen and forfeits his rights to the freedom of the republic.

No party is indifferent to the welfare of the wage-earner. To us his good fortune is of deepest concern, and we seek to make that good fortune permanent. We do not oppose but approve collective bargaining, because that is an outstanding right, but we are unalterably insistent that its exercise must not destroy the equally sacred right of the individual, in his necessary pursuit of livelihood. Any American has the right to quit his employment, so has every American the right to seek employment. The group must not endanger the individual, and we must discourage groups preying upon one another, and none shall be allowed to forget that the government's obligations are alike to all the people.

No Strike Against Government.

We are so confident that much of the present-day insufficiency and inefficiency of transportation are due to the withering hand of government operation that we emphasize anew our opposition to government ownership, we want to expedite the reparation and make sure the mistake is not repeated.

A state of inadequate transportation facilities, mainly chargeable to the failure of governmental experiment, is losing millions to agriculture, it is hindering industry, it is menacing the American people with a fuel shortage little less than a peril. It emphasizes the present-day problem and suggests that spirit of encouragement and assistance which commits all America to relieve such an emergency.

Gross expansion of currency and credit have depreciated the dollar just as expansion and inflation have discredited the coins of the world. We inflated in haste, we must deflate in deliberation. We debased the dollar in reckless finance, we must restore in honesty.

In all sincerity we promise the prevention of unreasonable profits, we challenge profiteering with all the moral force and the legal powers of government and people, but it is fair, aye, it is timely, to give reminder that law is not the sole corrective of our economic ills.

Drive Against Extravagance.

Let us call to all the people for thrift and economy, for denial and sacrifice if need be, for a nation-wide drive against extravagance and luxury, to a recommittal to simplicity of living, to that prudent and normal plan of life which is the health of the republic.

New conditions, which attend amazing growth and extraordinary industrial development, call for a new and forward-looking program. The American farmer had a hundred and twenty millions to feed in the home market, and heard the cry of the world for food and answered it, though he faced an appalling task amid handicaps never encountered before.

Contemplating the defenselessness of the individual farmer to meet the organized buyers of his products and the distributors of the things the farmer buys, I hold that farmers should not only be permitted but encouraged to join in co-operative association to reap the just measure of reward merited by their arduous toil.

Our platform is an earnest pledge of renewed concern for this most essential and elemental industry and in both appreciation and interest we pledge effective expression in law and practice. We will halt that co-operation which again will make profitable and desirable the ownership and operation of comparatively small farms intensively cultivated, and which will facilitate the caring for the products of farm and orchard without the lamentable waste under present conditions.

America would look with anxiety on the discouragement of farming activity either through the government's neglect or its paralysis by socialistic practices. A Republican administration will be committed to renewed regard for agriculture, and seek the participation of farmers in curing the ills justly complained of, and aim to place the American farm where it ought to be—highly ranked in American activities and fully sharing the highest good fortunes of American life.

Becomingly associated with this subject are the policies of irrigation and reclamation, so essential to agricultural expansion, and the continued development of the great and wonderful West. It is our purpose to continue and enlarge federal aid, not in sectional partiality, but for the good of all America.

I believe the budget system will effect a necessary, helpful reformation, and reveal business methods to government business.

I believe federal departments should be made more business-like and send back to productive effort thousands of federal employees, who are either duplicating work or not essential at all.

I believe in the protective tariff policy and know we will be calling for its saving Americanism again.

I believe in a great merchant marine. I would have this republic the leading maritime nation of the world.

I believe in a navy ample to protect it, and able to assure us dependable defense.

I believe in a small army, but the best in the world, with a mindfulness for preparedness which will avoid the unutterable cost of our previous neglect.

I believe in our eminence in trade abroad, which the government should aid in expanding, both in revealing markets and speeding cargoes.

I believe in establishing standards for immigration, which are concerned with the future citizenship of the republic, not with mere man-power in industry.

I believe that every man who dons the garb of American citizenship and walks in the light of American opportunity, must become American in heart and soul.

I believe in holding fast to every forward step in unshackling child labor and elevating conditions of woman's employment.

I believe the federal government should stamp out lynching and remove that stain from the fair name of America.

I believe the federal government should give its effective aid in solving the problem of ample and becoming housing of its citizenship.

I believe this government should make its Liberty and Victory bonds worth all that its patriotic citizens paid in purchasing them.

Taxes Must Be Reduced.

I believe the tax burdens imposed for the war emergency must be revised to the needs of peace, and in the interest of equity in distribution of the burden.

I believe the negro citizens of America should be guaranteed the enjoyment of all their rights, that they have earned the full measure of citizenship bestowed, that their sacrifices in blood on the battlefields of the republic have entitled them to all of freedom and opportunity, all of sympathy and aid that the American spirit of fairness and justice demands.

I believe there is an easy and open path to righteous relationship with Mexico. It has seemed to me that our undeveloped, uncertain and infirm policy has made us a culpable party to the governmental misfortunes in that land. Our relations ought to be both friendly and sympathetic; we would like to acclaim a stable government there, and offer a neighborly hand in pointing the way to greater progress.

I believe in law enforcement. If elected I mean to be a constitutional president, and it is impossible to ignore the constitution, unthinkable to evade the law, when our every committal is to orderly government.

The four million defenders on land and sea were worthy of the best traditions of a people never war-like in peace and never pacifist in war. They commanded our pride, they have our gratitude, which must have genuine expression. It is not only a duty, it is a privilege to see that the sacrifices made shall be requitted, and that those still suffering from casualties and disabilities shall be abundantly aided and restored to the highest capabilities of citizenship and its enjoyment.

Advocates Woman Suffrage.

The womanhood of America, always its glory, its inspiration and the potent, uplifting force in its social and spiritual development, is about to be enfranchised. In so far as congress can go, the fact is already accomplished. By party edict, by my recorded vote, by personal conviction I am committed to this measure of justice. It is my earnest hope, my sincere desire that the one needed state vote be quickly recorded in the affirmation of the right of equal suffrage and that the vote of every citizen shall be cast and counted in the approaching election.

And to the great number of noble women who have opposed in conviction this tremendous change in the ancient relation of the sexes as applied to government, I venture to plead that they will accept the full responsibility of enlarged citizenship and give to the best in the republic their suffrage and support.

Ours is not only a fortunate people but a very common-sensical people, with vision high but their feet on the earth, with belief in themselves and faith in God. Whether enemies threaten from without or menaces arise from within, there is some indefinable voice saying, "Have confidence in the republic! America will be all"

Ford

THE UNIVERSAL CAR

Out of the more than 4,000,000 Ford cars now in use, about 60 per cent have been sold to farmers. Probably no other one thing has brought to the farm so much of comfort and profit as has the Ford car. It has enlarged the social life, doubled the facilities for marketing, brought the town next door to the farm, multiplied for the farmer the pleasures of living. A family car without an equal in low cost of operation and maintenance. We solicit your order for one now because the demand is large and continually increasing.

Death at Franklin.

Franklin, July 22 — Daniel J. Baker, died this, Thursday, morning, at the home of his son, Arthur Baker, aged 82 years. He was a native of Hamden, but had lived in Franklin for 22 years. Some 60 years ago he married Maconda Evans of Masonville. She died about 10 years ago, since which time he had lived with the son named. He leaves three sons, Arthur and Fred of Franklin Station and James Baker of Sidney. The funeral services will be held Sunday afternoon, at 2 o'clock, from the home of his son, Arthur. Rev. Z. W. Gunckel of the Franklin Methodist church will officiate and interment will be in the Outcout Valley cemetery.

SALIENT POINTS OF SENATOR HARDING'S SPEECH OF ACCEPTANCE

"I pledge fidelity to our country and to God, and accept the nomination of the Republican party for the presidency of the United States."

"The human element comes first, and I want the employers in industry to understand the aspirations, the convictions, the yearnings of millions of American wage earners."

"The Constitution contemplates no class and recognizes no group. It broadly includes all the people, with specific recognition for none."

"We approve collective bargaining."

"Gross expansion of currency and credits has depreciated the dollar. We will attempt intelligent and courageous deflation."

"When competition — natural, fair impelling competition — is suppressed, whether by law, compact or conspiracy, we halt the march of progress, silence the voice of aspiration and paralyze the will for achievement."

"I promise you formal and effective peace so quickly as a Republican Congress can pass its declaration for a Republican executive to sign."

"I can hear the call of conscience an insistent voice for largely reduced armaments throughout the world."

"Our vision includes more than a chief executive. We believe in a cabinet of highest capacity, equal to the responsibilities which our system contemplates, in whose councils the vice-president, second official of the Republic, shall be asked to participate."

Fresh Air Children for Norwich.

A party of 15 fresh-air children from New York city will arrive in Norwich today and will be cared for in nearby country homes for two weeks. Eleven of the children have their board paid by subscription, while the others are cared for free in families. Another lot is expected in two weeks. There will be a larger number at that time and one family has agreed to take ten children on a farm.

POPULATION OF COUNTY

DETAILED FIGURES SHOWING INHABITANTS OF TOWNS AND VILLAGES.

Two Towns Out of 21 Show Gains and Only Two Villages Out of Ten Have Increased in Population — Loss in Some Towns Such as to Cause Serious Reflection.

The Star received last evening from the Washington bureau of the Associated Press the detailed figures of the population of Otsego county, giving the population of each town and of all the incorporated villages. The figures show that all but two towns have lost population since 1910, the two exceptions being Oneonta and Unadilla. Middlefield suffered the largest loss, having 492 less inhabitants, with Otego, Maryland, New Lisbon and Cherry Valley losing over 200, and Exeter and Springfield over 200. Despite the large gain in Oneonta city of 2,091, the net loss in the county is 1,016.

Of the ten villages all but two, Cooperstown and Unadilla, show a loss in the decade. Richfield Springs having suffered the largest loss, that being 215 short of the census of 1910.

While the figures may be and perhaps are approximately correct, the selection of enumerators in the future should be made with a view of obtaining individuals capable of securing all the inhabitants and interested in securing them as well, so far as proper, to the end that it be accurate and reliable.

The detailed figures by towns and villages follow:

MILFORD'S CATCHER DISABLED.

Sustains Fractured Leg in Game with Walton on Wednesday.

The Milford ball team suffered a serious loss during the game with Walton on Wednesday when in the seventh inning, with the score 3-1 in favor of Walton, the Milford catcher in sliding to third sustained a fracture of the right leg just above the ankle and will be out of the game for the rest of the season. He went to his home at Norwich after the fracture had been reduced. With no substitute of experience the team was weakened and the game ended 10 to 1 in favor of Walton.

The Milford team has also lost the services, probably for the rest of the season, of its left fielder, Leon Wicks, who was operated upon at the Fox Memorial hospital in this city for the relief of appendicitis, the operation being performed by Dr. D. H. Mills of Oneonta, assisted by Dr Green of Milford. He is doing nicely but it will be weeks before he recovers his strength.

Milford has engaged Keith Cushman of Schuyler Lake as regular catcher and he will be in the game on Saturday next when the Beechnut team of Canajoharie comes to Milford. The following Saturday Weidman's Cubs are to play Milford at Milford and several new players are expected to be in the line up. Milford is evidently planning to take the game.

New Home Economics School.

A new building for the teaching of home economics has just been completed at the New York State school at Cobleskill. The building is of brick and concrete fireproof construction and is splendidly equipped in every way.

The course of study covers so short a period, one year, that no young woman need be denied training for home making or for business. Graduates of the school find opportunities in cafeterias, dressmaking or millinery establishments, etc., if they desire them.

The new catalogue, just issued, describes the work in detail and is well illustrated. It may be obtained by addressing the school.

Get Goodyear Tires for Small Cars Now

The summer demand for Goodyear Tires in the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes is greater this season than during even the big shortage periods of the last three years.

Although we have in operation the world's largest tire factory devoted to these sizes, at this time it is impossible for us to assure a sufficient supply to meet the tremendous call.

Dealers' stocks are disappearing quickly, although constantly replenished; so *now* is the time to make sure of Goodyears for your Ford, Chevrolet, Maxwell, Dort or other car taking these sizes.

Visit your Goodyear Service Station without delay and get Goodyear Tires and Goodyear Heavy Tourist Tubes in order to enjoy true Goodyear mileage and economy this season.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag* $4.50
